Friday, December 18 – Theme – P.J. Day

Monday, December 21 – Friday, January 1 – Christmas Break

Monday, January 4 – Students back to school

Road Work Behind the School – Oct. 19-30

We have been informed that the city will be putting in a new water main line, as well as replacing the sidewalk along the road at the rear of the school. We have been informed that this Monday, Tuesday and Wednesday, October 19-21, we need close the school gate to the laneway, so parent parking in this area will not be possible. We recommend that if possible, walk your child(ren) to the school during this time. Thanks.

Shelter in Place - Drill – Wednesday, Oct. 21

Students and staff will be taking part in another one of our emergency drills, called Shelter in Place on Wednesday, October 21st. We are required to practice each of our emergency drills, so we are ready in case we have a real emergency.

Parent/Teacher Conferences – Thursday, October 22 – AM and PM

The parent teacher interviews are scheduled for this Thursday, October 22nd. Last week, all parents were emailed a link to book your interview time. You should now know your time as well as the format of your conference. If you have not received this information, please contact your teacher via email. We trust that the meeting you have with your child(ren's) teacher(s) will be informative and productive.

Note that our parent/teacher conferences will be used as an interim report for your child, so meeting with your child(ren's) teacher is very important.

Non-Instructional Day – Friday, October 23rd

All Godson Elementary Staff will be participating in a professional development day where we'll be studying and collaborating on improving our Social Emotional School-Wide Programs as well as our literacy programs.

Animals on School Grounds

A reminder that animals are not allowed on school district property. Please do not bring your dogs to school when picking up or dropping off your child.

National Anthem

Schools are required to teach students the words to 'O Canada' and the respectful behaviour to be observed during its singing. We ask all parents/adults who are in the school during O Canada, to model the respectful behavior we are teaching the students.

Weather

It looks like the rains might be here for a while, and it is important that students are ready for the cooler, wetter weather. At school, this means raincoats, boots, hats and gloves, as needed, even umbrellas. All too often children show up at school unprepared to be outside. As parents, please make sure your child(ren) are prepared for the weather. Thanks in advance!

Lunches

We ask that students to bring their nutritious lunch each day. We also ask that the students' lunches and snacks are nutritious – what we call "Brain" food (no pop, no chips). Please note that hot lunches cannot be dropped off at the school at this time.

Leaving Early

Does your child need to leave early for an appointment? If yes, please make sure you message the teacher and/or office beforehand. This way, the teacher will have him/her ready for the time required.

Parent Advisory Council

Next PAC Meeting: Wednesday, October 21 @ 6:30 pm - Big Gym - Join us!

Important Safety Guidelines and Protocols

Although this year will be different, it is so good students are back in classrooms! Know that we will continue to do our best to ensure guidelines and protocols are followed to keep everyone safe. Listed below are the district protocols we will be following. Please review these guidelines to become more familiar. We would also ask that you regularly review this with your child, as we work to all be consistent in keeping everyone safe.

General Safety Measures

- The district follows the provincial government recommendations for K-12 settings found <https://www2.gov.bc.ca/gov/content/education-training/k-12/covid-19-return-to-school#health-safety>
- Parents will fill out daily health check each morning, either online or paper copy
- Parents are expected to keep child home if symptomatic
- Adults needing to meet with staff must make an appointment before coming in to the school. When possible, meetings are encouraged to take place outdoors.
- Parent volunteers are not currently permitted to be in classrooms
- Students will be part of a learning group not exceeding 60, including staff
- Bells will be turned off because of staggered arrival/outside/dismissal times

- Staff will watch for children who are showing signs of COVID, besides regular symptoms due to allergies
- Children who are symptomatic will be brought to office and be immediately given a mask: while supervised, and family will be contacted for immediate pick up.
- Students who go home with symptoms are welcome back once a medical professional has been consulted.

Physical Spaces

- Students should avoid travel through hallways, except going to the learning group's assigned bathroom
- Stay to the right of traffic flow in hallways
- Bathrooms have been designated to learning groups and have a bathroom pass
- One student in bathroom at a time

Student Expectations at School

- Students should not play on the playground(s) before school and after school
- Students line up with physical distancing outside designated entrance doors
- Students will put personal effects in designated places in the classroom
- Students will wash hands when entering school in morning
- Students will wash/sanitize hands before and after gym, LLC, recess and lunch
- Students are always expected to minimize physical touching
- Not interact with students outside of assigned learning group
- Will NOT share snacks and will clean up own eating/learning area
- Will eat at own desk
- Wash/sanitize hands before and after eating

- When student sneezes, coughs, sticks fingers in mouth, eyes or other orifices (but does not appear to otherwise be sick) they must immediately wash hands.

Classrooms

- Minimize physical contact between students in learning groups
- Ensure good ventilation, e.g. Working with doors and windows open
- Supplies may be shared between students within learning group, including centers, if students sanitize before and after use

Transitions and Play

- Learning groups travel together with an adult from classroom to other locations, including outside for recess and lunch
- Supervision is available before/after school, recess and lunch. Each supervisor will have an assigned area.
- Schedules will be created with learning group play locations and rotated each week
- Outdoor education is recommended (weather permitting), including walking field trips.

Cleaning Regime at School

- Daytime custodian will wipe down high touch surfaces such as door knobs, toilets, sinks, and taps.
- High touch surfaces will be cleaned 2x within 24 hour period
- Students may share supplies within own learning group and they sanitize before and after use.
- Lysol wipes may be used on technology
- If cleaning is not possible, the resources should be set aside for 2 days before using again

For further information please refer to Tol'itcha (district restart plan) and BCCDC

Safety Over Convenience

We need your help in keeping our students, your child/ren safe. These are ways that you can help us:

1) Entering/Exiting the School

We ask that ALL parents enter and exit the school via the front doors and sign in. Please drop off your child in line and then walk around the school to enter via the front doors. Again – Safety over Convenience.

2) Parking

Parking in our fire lane: is NOT an option. The fire lane is on the East side of the school near the small gym.

Staff Parking Lot: NO Parking at any time – no excuses. We have more staff members than we do parking spots, which means some staff have to double park in designated areas.

Bus Lane: We do have 3 buses that pick up and drop off students on a daily basis. Please do not park in the bus zone.

Drive Through Lane: Please do NOT stop or park in the middle of the lane or on the left side of the lane. Let's be respectful to the people behind you.

Handicap Parking: In order to park in these spaces, the vehicles should have a visible handicap decal.

Parking in our Additional Parent Parking Lot: Please do not park along the fence. It makes it difficult for cars to back up from their stalls.

Brundige Avenue: Additional parking has been created by the City of Abbotsford with a new sidewalk. Please park as per the city signs. Please do not block any driveways.

Stevenson Street: The school district widened the cul-de-sac in order to fit more cars. Please do not block any driveways.

Neighbouring Streets: Please note that we have been given permission from the city of Abbotsford to park on the neighbouring streets where city signs are posted "Residents only". The permission is during PICK-UP AND DROP-OFF TIMES ONLY.
